

Product Data Sheet: Chromogranin A Rabbit Polyclonal Antibody

Cat. No: AB-83793

Conjugate: Unconjugated

Size: 100 ug
Clone: POLY
Concentration: 1mg/ml
Host: Rabbit
Isotype: IgG

Immunogen: The antiserum was produced against synthesized peptide derived from human

Chr-A. AA range:311-360

Reactivity: Human, Mouse, Rat

Western Blot: 1/500 - 1/2000.

Applications: Immunohistochemistry: 1/100 – 1/300

Immunofluorescence: 1:50-1:200

Molecular Weight: 68kD

Purification: The antibody was affinity-purified from rabbit antiserum by affinity-

chromatography using epitope-specific immunogen.

Synonyms: CHGA; Chromogranin-A; CgA; Pituitary secretory protein I; SP-I

The protein encoded by this gene is a member of the chromogranin/secretogranin family of neuroendocrine secretory proteins. It is found in secretory vesicles of neurons and endocrine cells. This gene product is a precursor to three biologically active peptides; vasostatin, pancreastatin, and parastatin. These peptides act as

autocrine or paracrine negative modulators of the neuroendocrine system. Two other peptides, catestatin and chromofungin, have antimicrobial activity and antifungal activity, respectively. Two transcript variants encoding different

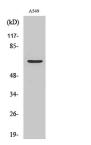

isoforms have been found for this gene.

Form: Liquid

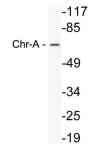

Background:

Buffer: Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.

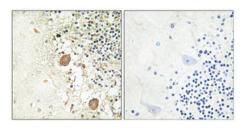

Storage: Store at -20°C. Avoid repeated freeze-thaw cycles.

Western Blot analysis of various cells using Chr-A Polyclonal Antibody.

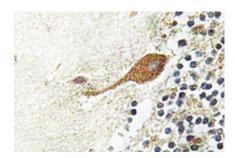

Western blot analysis of lysate from A549 cells, using Chr-A antibody.

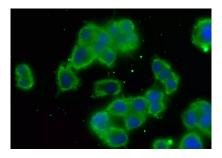

Immunohistochemical analysis of paraffin-embedded Human brain.
Antibody was diluted at 1:100(4° overnight). High-pressure and temperature Tris-EDTA,pH8.0 was used for antigen retrieval. Negetive contrl (right) obtaned from antibody was preabsorbed by immunogen peptide.

Product Data Sheet: Chromogranin A Rabbit Polyclonal Antibody

Immunohistochemistry analysis of Chr-A antibody in paraffin-embedded human brain tissue.

Immunofluorescent analysis of fixed PC-12 cells at dilution of 1:200.
