|--------------------------|----------------------------------------------------------------------------------------------------|
| <b>Product name:</b>     | Glucose Transporter GLUT3 Rabbit Polyclonal Antibody                                               |
| <b>Cat number:</b>       | ABN00196                                                                                           |
| <b>Conjugate:</b>        | Unconjugated                                                                                       |
| <b>Size:</b>             | 100µL                                                                                              |
| <b>Clone:</b>            | Polyclonal                                                                                         |
| <b>Concentration:</b>    | 1mg/ml                                                                                             |
| <b>Host:</b>             | Rabbit                                                                                             |
| <b>Isotype:</b>          | IgG                                                                                                |
| <b>Immunogen:</b>        | A synthetic peptide of human Glucose Transporter GLUT3                                             |
| <b>Reactivity:</b>       | Human, Mouse, Rat                                                                                  |
| <b>Applications:</b>     | WB 1:500-1:1000                                                                                    |
| <b>Molecular Weight:</b> | Calculated MW: 54 kDa; Observed MW: 54 kDa                                                         |
| <b>Purification:</b>     | Affinity Chromatography                                                                            |
| <b>Form:</b>             | Liquid                                                                                             |
| <b>Buffer:</b>           | Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. |
| <b>Storage:</b>          | Store at 4°C short term. Aliquot and store at -20°C for 12 months. Avoid freeze/thaw cycles.       |
| <b>Background:</b>       | Facilitative glucose transporter. Probably a neuronal glucose transporter.                         |
