|--------------------------|----------------------------------------------------------------------------------------------|
| <b>Product name:</b>     | HGS Rabbit Polyclonal Antibody                                                               |
| <b>Cat number:</b>       | ABN00612                                                                                     |
| <b>Conjugate:</b>        | Unconjugated                                                                                 |
| <b>Size:</b>             | 100µL                                                                                        |
| <b>Clone:</b>            | Polyclonal                                                                                   |
| <b>Concentration:</b>    | 1mg/ml                                                                                       |
| <b>Host:</b>             | Rabbit                                                                                       |
| <b>Isotype:</b>          | IgG                                                                                          |
| <b>Reactivity:</b>       | Human,Mouse,Rat                                                                              |
| <b>Applications:</b>     | WB 1:500-1:1000,ELISA 1:5000-1:20000                                                         |
| <b>Molecular Weight:</b> | Calculated MW: 86 kDa; Observed MW: 86 kDa                                                   |
| <b>Purification:</b>     | Affinity Purification                                                                        |
| <b>Form:</b>             | Liquid                                                                                       |
| <b>Buffer:</b>           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide, pH 7.3.              |
| <b>Storage:</b>          | Store at 4°C short term. Aliquot and store at -20°C for 12 months. Avoid freeze/thaw cycles. |
| <b>Background:</b>       | Involved in intracellular signal transduction mediated by cytokines and growth factors.      |
