

|                          |                                                                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product name:</b>     | SPATA19 Mouse Monoclonal Antibody                                                                                                    |
| <b>Cat number:</b>       | MABN82906                                                                                                                            |
| <b>Conjugate:</b>        | Unconjugated                                                                                                                         |
| <b>Size:</b>             | 100µL                                                                                                                                |
| <b>Clone:</b>            | Monoclonal                                                                                                                           |
| <b>Concentration:</b>    | 1mg/ml                                                                                                                               |
| <b>Host:</b>             | Mouse                                                                                                                                |
| <b>Isotype:</b>          | Mouse IgG2b                                                                                                                          |
| <b>Immunogen:</b>        | Purified recombinant fragment of human SPATA19 (AA: 25-167) expressed in E. Coli.                                                    |
| <b>Reactivity:</b>       | Human                                                                                                                                |
| <b>Applications:</b>     | IHC 1:200-1:1000,ELISA 1:5000-1:20000                                                                                                |
| <b>Molecular Weight:</b> | 19.1kDa                                                                                                                              |
| <b>Purification:</b>     | Affinity Purification                                                                                                                |
| <b>Form:</b>             | Liquid                                                                                                                               |
| <b>Buffer:</b>           | Purified antibody in PBS with 0.05% sodium azide                                                                                     |
| <b>Storage:</b>          | Store at 4°C short term. Aliquot and store at -20°C for 12 months. Avoid freeze/thaw cycles.                                         |
| <b>Background:</b>       | SPATA19 (Spermatogenesis Associated 19) is a Protein Coding gene. Diseases associated with SPATA19 include Multiple Mucosal Neuroma. |
