| <b>Immunogen:</b>        | Purified recombinant fragment of human TWF1 (AA: 335-384 ) expressed in E. Coli.                                                                                                                                                                                                                       |
| <b>Reactivity:</b>       | Human                                                                                                                                                                                                                                                                                                  |
| <b>Applications:</b>     | IHC 1:200-1:1000,ICC 1:100-1:200,ELISA 1:5000-1:20000,FC 1:200-1:400                                                                                                                                                                                                                                   |
| <b>Molecular Weight:</b> | 40.3kDa                                                                                                                                                                                                                                                                                                |
| <b>Purification:</b>     | Affinity Purification                                                                                                                                                                                                                                                                                  |
| <b>Form:</b>             | Liquid                                                                                                                                                                                                                                                                                                 |
| <b>Buffer:</b>           | Purified antibody in PBS with 0.05% sodium azide                                                                                                                                                                                                                                                       |
| <b>Storage:</b>          | Store at 4°C short term. Aliquot and store at -20°C for 12 months. Avoid freeze/thaw cycles.                                                                                                                                                                                                           |
| <b>Background:</b>       | This gene encodes twinfilin, an actin monomer-binding protein conserved from yeast to mammals. Studies of the mouse counterpart suggest that this protein may be an actin monomer-binding protein, and its localization to cortical G-actin-rich structures may be regulated by the small GTPase RAC1. |
