

Advanced Neural Cell Culture Solutions

Product Name	Cat. No.	Size	Application	Price list
Neurobasal medium	IS151223	500 mL	- Basal medium for neurons and ganglion cells - For Pre-natal and embryonal and neural stem cells	78
Neurobasal-A medium	IS151236	500 mL	- Basal-A medium for neurons and ganglion cells - For Post Natal and Adult brain neurons	85
DMEM/F12	IS150312	500 mL	Basal medium for neural stem, glial, and ganglion cells	25

SUPPLEMENTI

B-27 neuron Supplement, with vitamin A, 50×	IS180637	10 mL	Supplements for glial and neuronal cell culture	89
B-27 neuron Supplement, without vitamin A, 50×	IS180638	10 mL	Supplements for neural stem and progenitor cells	89
B-27 neuron Supplement, without Antioxidant, 50×	IS180646	10 mL	Supplements for neural stem cells	89
B-27 neuron Supplement, without insulin, 50×	IS180645	10 mL	Supplements for neural stem cells	89
G-5 Supplement(100 ×)	IS180640	1 mL	Supplements for glial and glioma cells, often used with Neurobasal Medium and/or Neurobasal-A Medium	72
N-2 Supplement(100 ×)	IS180641	5 mL	Suitable for all neural cell Types, commonly used with Neurobasal Medium and/or Neurobasal-A Medium	135

OFFERTA SPECIALE

Sconto 10% Per ordini superiori a € 550,00

Sconto 15% per ordini superiori a € 650,00

Sconto 20% per ordini superiori a € 800,00

Condizioni di vendita:

Prezzi: al netto IVA (22%)

Spese di trasporto: € 25,00 (iva esclusa)

Codice Offerta: **NB2026**

Scadenza Offerta: **fino al 30 Luglio 2026**

Two most popular supplements for Neurobasal Medium & Neurobasal A Medium:

- For regular neuronal cell culture, **B-27** is the most widely used neuronal supplement and it is the most recommended.

While **G-5** is used for the growth and expression of the astrocyte phenotype (astrocytes) in glial cells (both normal and tumor-derived).

Experimental Purpose

Code	Name	Experiment purpose
IS180637	B-27 neuron Supplement, with vitamin A, 50 ×	Neuronal cell culture
IS180645	B-27 neuron Supplement, without insulin, 50 ×	Under the premise of eliminating insulin interference, the culture of neuronal cells
IS180638	B-27 neuron Supplement, without vitamin A, 50 ×	Neural stem cell culture
IS180646	B-27 neuron Supplement, without antioxidant, 50 ×	Used to eliminate the interference of antioxidants in the study of oxidative stress and damage, oxygen free radicals on nerve damage and apoptosis
IS180640	G-5 Supplement (100 ×)	Growth and expression of astrocyte phenotypes (astrocytes) in glial cells (normal and tumor)
IS180641	N-2 Supplement (100 ×)	For use in supporting the growth and expression of primary neuroblastomas and postmitotic neurons derived from the peripheral and central nervous systems
