

IS180646 B-27 neuron Supplement , without antioxidant, 50X

Size: 10mL

Product Form	Liquid
Concentration	50 ×
pH	6.50-7.20
Dissolvent	Ultrapure water
Bacterial detection	Negative
Fungal detection	Negative
Mycoplasma detection	Negative
Endotoxin level	< 3 EU/mL
Storage	-5~ -20°C
Shipping	Ice bag
Expiration date	24 months

Background

B-27 neuron supplement is serum-free and suitable for short-term or long-term cultivation of neural stem cells. This product contains vitamin A and removes all 5 antioxidants on the original basis to facilitate the elimination of antioxidant interference in the study of oxidative stress and injury, oxygen free radicals on nerve damage and apoptosis.

Note

1. This product is for research use only.
2. This product is sterilized by 0.1 µm filtration.
3. It is necessary to pay attention to the aseptic operation and avoid the contamination during the culture.
4. This product will produce turbidity after thawing, which is a normal phenomenon.
5. This product is 50 × concentrated solution and dilute it to the desired concentration before use.

Add 2% with 50x concentration, namely per 100mL of IS151223 Neurobasal Medium needs to add 2mL of IS180646.

**For Research use only
